DAX 2010 Lite

- ❑ Voluntary two-week exercise
 - October 25 – November 9, 2010
- ❑ DAX 2010 Lite is intended to
 - Continue and improve testing CDC's and Project Areas' ability to collect, report, aggregate, and analyze doses administered data
 - Maintain a level of engagement with Project Areas and provide a means for Project Areas to stay current with the CRA system
- ❑ CRA is using the seasonal 2010-2011 flu vaccine as a proxy for this preparedness exercise

DAX 2010 Guidelines for Reporting Aggregate Data

❑ Number of Clinics and Frequency

- A minimum of **2 clinics** per week for **2 consecutive weeks** making a total of 4 clinics
- There is no maximum number of clinics

❑ Timeframe

- Beginning **Monday, October 25** and reporting final counts on **Tuesday, November 09, 2010**
- First reporting date is **Tuesday, November 02, 2010**

❑ Reporting

- Each Project Area is responsible for submitting aggregate doses administered counts for the reporting period based on the MMWR week (Sunday through Saturday). The deadline for this reporting period is **Tuesday at 11:59 pm local time** for the reporting jurisdiction

*This is a **voluntary exercise** with a shorter timeframe and a smaller number of reporting providers*
